

## REMARKS

Claims 1-15 are now pending in the application. By this amendment, claim 9 is amended and claims 10 – 15 are added. The basis for the amendment and new claims can be found throughout the specification, claims, and drawings as originally filed. No new matter is added. The Examiner is respectfully requested to reconsider and withdraw the rejections in view of the amendments and remarks contained herein.

## DRAWINGS

The drawings stand objected to for certain informalities. Applicant attaches revised drawings for the Examiner's approval. In the "Replacement Sheets" Figs. 1C, 3B and 6B are modified to conform to the written description. In particular, only the single reflective display region 31 described in the specification is illustrated as part of the pixel 3 and the adjacent reflective display region 31a is clearly identified as such.

## DOUBLE PATENTING

Claims 1 and 9 stand provisionally rejected under the judicially created doctrine of obviousness-type double patenting over claim 1 of copending application no. 10/255,121 in view of Chaudet (U.S. Patent No. 5,771,082), claim 1 of copending application no. 10/255,145 in view of Chaudet, and claim 1 of copending application no. 10/775,893 in view of Chaudet. This rejection is respectfully traversed. Notwithstanding, Applicant encloses terminal disclaimers in compliance with 37 CFR 1.321(c) to overcome the provisional rejections based on copending application nos.

10/255,121, 10/255,145, and 10/775,893. Accordingly, Applicant respectfully requests reconsideration and withdrawal of these rejections.

**NEW CLAIMS**

New claims 10-15 are added. Favorable consideration of new claims 10 - 15 is respectfully requested.

**CONCLUSION**

It is believed that all of the stated grounds of rejection have been properly traversed, accommodated, or rendered moot. Applicant therefore respectfully requests that the Examiner reconsider and withdraw all presently outstanding rejections. It is believed that a full and complete response has been made to the outstanding Office Action, and as such, the present application is in condition for allowance. Thus, prompt and favorable consideration of this amendment is respectfully requested. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,
